

How to Purchase Online

Due to the unique nature of each and every item that we have on sale, it is impossible for all of our products to be displayed online. None of our items are mass-produced, therefore all have characteristics that are individual to them so that even items similar in nature, have different aesthetics. For this reason, we encourage you to make an online enquiry as we may have a hidden treasure that is perfectly suited to your project within our offline stock!

In addition, although every effort is made to ensure that the products on our website are up to date, the items will occasionally have sold before the website can be updated as they are also on sale at our showroom in Royal Leamington Spa. For this reason, we ask that you enquire about the product using the "Contact Us" page; we can then confirm availability and discuss with you any other options that we may have.

Upon receiving an enquiry, we will often reply to you on the same day wherever possible, and can provide you with additional information, including pictures, more product details, and possible alternatives.

Delivery

We personally deliver our goods to ensure a high quality of service to our customers, and whenever possible, unpack the items and arrange them in their new setting on your behalf.
